Objective

Motivated Computer Engineering student seeking a software development opportunity to apply skills in Python, and web development. Experience in building practical applications with strong analytical, problem-solving, teamwork, and leadership skills. Committed to continuous learning and staying up-to-date with modern technologies to provide efficient and high-quality software solutions.

Education

Bachelor of Engineering (Computer Science & Engineering)	2023–2027
<i>K.V.G. College of Engineering</i>	<i>CGPA: 8.3/10</i>

Senior Secondary (XII)	2023
<i>Rotary PU College</i>	<i>Percentage: 80%</i>

Secondary (X)	2020
<i>Rotary High School</i>	<i>Percentage: 80%</i>

Projects

Carbon Offsetting System	<i>Python, HTML, CSS, JavaScript</i>
---------------------------------	--------------------------------------

- Developed a web-based Carbon Offsetting System to help users estimate their carbon footprint.
- Calculated carbon emissions based on transportation, electricity consumption, and daily activities.
- Suggested practical methods to reduce carbon emissions and promote sustainable living.
- Designed a simple, responsive, and user-friendly interface for easy accessibility.

Library Management System	<i>Python</i>
----------------------------------	---------------

- Developed a basic Library Management System to manage books and student records.
- Implemented book issue, return, search, and record management functionalities.
- Applied file handling and programming concepts to organize and maintain library data efficiently.

Sentiment Analysis Crypto Trading	<i>Python, NLP, Blockchain</i>
--	--------------------------------

- Proposed an AI-based system to analyze cryptocurrency sentiment from online content.
- Planned blockchain integration with Polygon and Aptos for automated transactions.
- Aiming to generate Buy/Sell/Hold signals using sentiment and market data.

Technical Skills

- **Programming Languages:** Python, C, JavaScript
- **Web Technologies:** HTML, CSS
- **Operating Systems:** Windows, Linux
- **Soft Skills:** Communication, Teamwork, Leadership, Time Management, Problem Solving

Training & Certifications

- Python Programming Certification
- Basic Computer Skills (MS Office, Excel, PowerPoint)
